The Industrial baseball team defeated the East End team at Union Park in a one-sided game Sunday afternoon, the score being 14 to 3. Whitney, pitching for the Industrial team, had the East End batteries at his mercy at all stages of the game.

**OIL AND GAS**

The latest developments in the Evans City pool furnished one good producer and a dry hole. The good producer is the South Penn Oil Company's No. 5 on the F. E. White farm, located 500 feet southeast of the No. 2 on the Kirtland farm, the best town lot well in the borough. The first twelve hours after the White farm well was drilled into the third sand it produced 180 barrels. The town lot duster is Dr. Cowden and Company's well on the Larkin lot and located in the vicinity of the first two dusters. Mong and Company are drilling in the sand at their well on the Garvin lot and have a show for a producer. This location is north of the well on the Marshall lot, a light producer.

Northeast of the pool the Amber Oil Company has drilled its test on the Sutton farm through the 100-foot sand and developed quite a little oil in that formation. They bailed about twenty barrels of fluid from the well, but will not stop to test. They are due to get the third sand today. Something is found in the lower formation it will be tested in the 100-foot formation. The location of this well is about one-half mile northeast of the town lot development.

Sunday brought many visitors to Evans City. The hot weather and good roads caused many to motor to the town. They came to the town in automobiles from all directions and distances. To most of the visitors the town presents a novel sight, with unsightly oil derricks on nearly every lot. Within a few weeks the sleepy little town has sprung into prominence and at the present time is attracting more attention and is more discussed than some of the towns

## "TABARIN GIRLS" PLEASE CROWDS

Play, Specialties, Songs and Dances at Odeon Very Cleverly Presented.

David Newman's "Tabarin Girls" opened a week's engagement at the Odeon theater Monday afternoon to a packed house and pleased everyone with their youth, ability and personality. The comedians are clever and really funny, while the rest of the company are all artists. The costumes are elaborate, costly and ever changing; the chorus is capable, lively and pleasing both to the ear and eye.

Miss Caroline Hawley sings and talks herself into favor as the Widow Townsend, courted by Lew Gordon and Jack Lord as Dutch and Irish lovers. Babe LaPorte is a winsome soubrette, and Jack Rawles is an entertaining chap who can sing and dance. Rawles and Gelman do a dandy specialty and a chorus girls' contest is a part of each show.

There will be a change of performance tomorrow and the offering for Wednesday and Thursday will be "College Girls."

The Charles Chaplin picture entitled "Work" will be shown again, this afternoon and evening, also three other splendid reels of pictures.

Burton Carber, formerly with the Ramo features, is now directing at the Universal Coyotesville photoplay studios. In his company will be Jack Hopkins, formerly a Lubin star.

Seats were at a premium at the Palace theatre last night and those who came in at the eleventh hour were obliged to stand up in the side aisles. The attraction is the Hyatt and Le Nore Musical Comedy Company in "The Oriental Auction," and it certainly has Clarksburg going. The play is certainly a whirlwind of laughter, and if anyone wants to be entertained royally entertained—

During the play a soldier of the Royal army assists a manager to rob a government safe, and in doing so creates much excitement. The only way to get out and return to the United States is to hold an auction of a dancing girl. The manager of the company learns of a visitor just arrived and welcomes him as an old friend who bids the girl off at \$5,000, after which everything is settled and the company leaves for America in

many times its size. During the current week there will be six or more wells completed and it is quite likely that the hopes of some of those who have placed their hopes on a town lot gusher will meet with disappointment.

In Union district, Pleasants county, W. Va., Harry Worden and Company have completed and shot their test on the Merry Wells farm and have a light pumper. On Sugar Creek, in the same district, Netley and Company have drilled their test on the H. M. Brammer farm through the Big

In Union district, Clay county, the Craig Oil Company gave its No. 4 on the J. Craig and Sons' farm a shot in the Big Injun sand and it responded.

## "Boston Cooler"

**RECIPE:**  
Select firm, ripe cantaloupes; halve them; scoop out the seeds; then fill centers with luscious Ice Cream. "Top off" with Maraschino cherries.

That's a simple sort of recipe, but it is one that will positively please the most exacting of epicures. It's a combination of sweetness, wholesomeness and health that gains you a triumph. Try it when next you have a party of friends to dinner.
